

Mr. Employer:-

Do you realize the importance of proper ventilation in your office, store, factory or mill? A poorly ventilated room means that your employees cannot give you the service required. The lungs require fresh air, and unless they are supplied, one becomes drowsy, sleepy, and the brain lazy, think-tank dull, and your men cannot give as efficient service as if they were breathing pure, fresh air.

If you are interested in BETTER VENTILATION phone 223. We have a competent man who will call promptly and discuss same with you.

Returning:
Tickets will be good for returning on all regular trains from Johnson City, to and including train No. 3 (11:45 A. M. Eastern Standard Time) Sunday, June 28th, 1914. The Greenville, Spartanburg and Anderson Railway will provide extra equipment to handle passengers returning on all regular trains to and including Train No. 19 scheduled to leave Spartanburg at 9:10 J. M. (Eastern Time), Sunday, June 28th, 1914.

A Grand Opportunity
to make a delightful trip across the Blue Ridge Mountains at very low fares; so do not fail to take advantage of this excursion which will be operated by the lines named herein. The Clinchfield will furnish a sufficient number of their New Vestibuled Coaches for this occasion and every excursionist will be comfortable, not having to change cars on the going trip.

Lofty Peaks and Miles of Tunnels:
Enjoy the freedom of mountains and trails on the Blue Ridge. A region absolutely unique and wonderful. Mountain peaks over a mile high, in plain view of the travelers, miles of tunnels hewn through solid rock and after these comes the scenic ride of two hours, through the gorge of the Toe and Nolichucky Rivers, on either side huge mountains rear their lofty heads to the blue skies and the crystal waters leap from rock to rock, forming a never ending succession of snowy-white cascades and rapids. The scene is one of indescribable beauty and magnificence and one which the sight seers never forget.

Johnson City
is not a village but a bustling city with good hotels, plenty of places of amusement and a few days stay in this city will be worth two weeks vacation at the Seashore.

This Excursion
will be run regardless of the weather conditions—so don't forget the date, THURSDAY, JUNE 25th. REFRESHMENT CAR will be attached to this train and good things to eat and drink can be had at small cost. Apply at nearest G. S. & A. ticket office for further information, or write,

ELECTRIC CITY SPARKLETS

Items of Interest and Personal Mention Caught Over the Wireless on the Streets of Anderson

Trophy Cup Is Quite a Beauty.
The trophy cup, which is to be awarded to the team in the Anderson winning the baseball league pennant this year, has arrived in the city and was on display yesterday in the Sullivan Hardware Company's place of business. The cup is a beauty and has excited a great admiration among the baseball fans of the city. The cup is known as "The Reach Athletic Trophy" and is furnished by A. J. Reach & Company, the famous athletic house. The mill league has secured a good start and from all indications there will be great rivalry between the teams during the season which is now on.

Secretary Wants the County Fair Notice.
If Anderson is to have a county fair this fall it is high time she is bestirring herself, according to the business men of the city. The secretary of the Department of Agriculture of South Carolina is now compiling a list of the counties in the State preparing for a fair and if Anderson is not included in the list she can hardly expect to have much chance at the best attractions for the week. If the secretary of the chamber of commerce, or someone else in that line can be induced to take the matter in hand a fair may be arranged for Anderson. All it needs is a start but the start is very slow about materializing.

All Bad Luck For One Man.
W. J. McClure, one of the best known farmers in Anderson county, seems to be "playing in hard luck." Last July, Mr. McClure cranked his automobile and broke his wrist. Following that he suffered the misfortune of losing his fingers in a cotton gin and now his word that he is suffering with some ailment in one of his feet, which the attending physicians fear may be creeping paralysis. Friends of Mr. McClure in all parts of the county trust that he may soon be well.

Mr. Ashley Has Become Tarheel.
Ben Ashley, who is a native of this county, and one of Anderson's best liked citizens, yesterday left of Edenton, N. C., where he expects to make his home in the future. Mr. Ashley goes to the North Carolina town to accept the position of superintendent of an oil mill in that place and friends may be creeping paralysis. Friends of Mr. McClure in all parts of the county trust that he may soon be well.

Firemen Are Enjoying Meet.
R. L. Carter, a member of the Anderson city council, returned yesterday from the Firemen's tournament, which is now in progress in Florence, and he says that the Anderson boys are having a big time. Mr. Carter says that the only regret experienced by the local delegation is over the fact that they could not carry their fine fighting paraphernalia and show some of the recruits how a real fire department looks when it is in action.

Small Blaze Of Yesterday.
The fire alarm was sounded yesterday, a call having been turned in at 2:30 o'clock from 140 Monroe street, the home of Louis L. Bradley, who is the manager of the Carolina Insurance Company. The call was answered promptly, but before the arrival of the department, the fire had been extinguished by the occupants of the house. It seems that a gasoline stove exploded and threw burning oil over the premises but, those at the place had the presence of mind to extinguish it with wet blankets and little damage was done.

Mrs. Bannister T. S. Bannister, one of the best known young banking men in this city, was called to his home in this county, near Honea Path, by the news of his mother's illness. Mr. Bannister left yesterday morning for his mother's bedside.

Killed Her Husband.
Baltimore, Md., June 23.—After making every effort to keep him out of the house, Mrs. Edgar McCauley shot and killed her husband as he entered their residence at West Arlington, a suburb, today. She told the police she feared he was about to attack her. McCauley was a live stock dealer.

Anderson Asks For New College.
The Anderson chamber of commerce, through the requests of citizens, has written to the officials in charge of the new site for Vanderbilt University, in which the Anderson people ask that the Methodists consider establishing the new University of the Southeast in this city. The local people by no means feel assured of success but they think that it at least is well to let the people know that Anderson is on the map. Columbia is to make a strong fight for it. There are 11 Methodist churches in Columbia.

Interest In The Coming Celebration.
A number of Pendleton people spent yesterday in the city and they said that folks from their town would be here in numbers for the Fourth of July celebration. The Pendleton people are well pleased with the plans made and say that they expect to enjoy the day. Among the visitors to the city yesterday from this well-known town were: Mrs. Ella Sadler, Misses Sallie Hunter, Henrietta Seabrooke and Grace Randall and B. G. Hunter.

Surprises In The Mayor's Race.
Yesterday's election brought a number of surprises. While it was conceded that either candidate might win, few expected Mr. Godfrey to win over Mr. Payne by the majority he secured. It was confidently asserted by people familiar with conditions, that the next mayor would be elected by a majority not exceeding 50 votes. Instead of this Mr. Godfrey secured three times that number. It was also a matter of surprise that Mr. Payne carried only one ward.

Mrs. Mitchell Is Fast Recovering.
Anderson people will be interested in learning that the condition of Mrs. J. C. Mitchell was last night said to be very satisfactory. For some time Mrs. Mitchell has been suffering from an attack of appendicitis, shortly after 4 o'clock yesterday afternoon she underwent an operation at the Anderson county hospital. Her many friends will be made happy over the news that she is now on the highway to recovery.

Thompson Has Many New Signs.
The Thompson Shoe Company yesterday placed a number of handsome new signs in front of their place of business. The signs aggregate a cost of more than \$100 and are handsome and attractive. They display the fact that the Thompson company is selling the best known line of high grade shoes.

TWO CLAIM CRIME Man and Woman Each Declares Guilt of Murder.
New York, June 23.—Two persons, a man and an eighteen year old girl, each told the District Attorney today that the murder of Giuseppe Marino, whose body was found in a Harlem flat a month ago, was their own individual act and each denied that the other had anything to do with the crime.

Indicted for Murder.
Boston, June 23.—An indictment for murder in the first degree was returned against Lawrence Robinson today by a special grand jury that investigated the death last Friday, of Police Inspector Thomas F. Norton. Norton was shot as he was about to arrest Robinson for the police of Grand Rapids, Mich., on a murder charge.

Subway Cave In.
New York, June 23.—Nearly a half block of sidewalk and superstructure over a new Brooklyn subway caved in today, burying more than twenty workmen, killing one and badly injuring six. The superintendent and the foreman of the job were arrested pending an investigation.

Happiness Only Comparative.
We may anticipate bliss, but who ever drank of that enchanted cup unlabeled?—Colton.

Vudor Porch Shades

Summer Pleasures without Summer Discomforts! Indoors it's sticky and moist. On the porch it's cool—when the Vudors are down.

Why not eat, sleep, live there this summer? Thousands do it. The cool air gives appetite and forces you to dreamless sleep because it bathes the nerves while you sleep. It cures them.

Vudor Porch Shades cost little. They give air but keep out glare. You can look out through Vudors, but not in through them. They last—they keep "that new look," for they're stained, not painted, nor dipped.

The Appeal of Beauty to the Young Bride

Eyes more important than Coronation Silver's beauty is its unusually heavy plate of pure silver. It is this which gives it its sterling-like finish and makes it wear so well.

AMERICANS ENTERTAIN

Paris, June 23.—Myron T. Herrick, the American ambassador, and Mrs. Herrick, tonight gave a dinner in honor of the new French premier, Rene Viviani and his wife, Antonin Dubose, speaker of the senate, Paul Deschanel, speaker of the chamber of deputies and a number of ambassa-

dors and other members of the foreign diplomatic corps and their wives. A reception was held afterward, at which were present several members of the French cabinet, prominent officers of the army and navy and many notable society people.

This was the last large party to be given by Ambassador and Mrs. Herrick before their departure, which probably will be about July 31.
